sew&go 1

bernette sew&go 1

The bernette sew&go 1 is a mechanical sewing machine and the entry model for the sew&go family. With 10 stitches and a maximum stitch width of 5 mm, it provides excellent basic functions at a very economical price. Clearly designed and easy to operate, it's perfect for beginner sewers. A full four presser feet (soles), including the buttonhole foot and a zipper foot, come as standard with this model.

Are you bursting with ideas and looking for a sewing machine to inspire you to make your projects a reality? Then it's high time you discovered the new bernette sew&go models!

Stylishly designed and easy to operate, the bernette sew&go models boast a wealth of functions and an attractive price tag. Experience creative sewing enjoyment at its best with these machines.

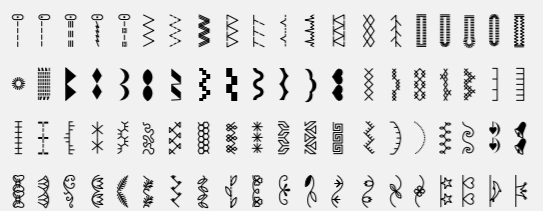

sew&go 7

bernette sew&go 7

The bernette sew&go 7 is a computer model for ambitious sewers. The stitch package includes 80 stitches with a generous maximum stitch width of 7 mm and 15 needle positions. The practical start/stop function lets you control the stitching process without using the foot pedal. The needle position up/down function allows you to specify the needle position at end of a row of stitching – a big advantage e.g. when stitching corners. In addition, the sewing speed can be adjusted according to the fabric or the difficulty of the detail being sewn. The bernette sew&go 7 comes with seven presser feet (soles) as standard.

sew&go 8

bernette sew&go 8

The computer-controlled bernette sew&go 8 is the top model in this series. It offers everything a creative sewer could need, at a very attractive price/performance ratio. The sew&go 8 boasts 197 stitch patterns in total, including 1 alphabet, 7 buttonholes, and 1 eyelet stitch. Decorative stitches can be set up to a width of 7 mm, as desired. The memory function allows individual stitch combinations to be saved. In addition to features such as the slide speed control, start/stop function and needle stop up/down, the bernette sew&go 8 also has a bright sewing light. Seven presser feet (soles) come as standard with this model.
