b38

bernette 38

The computer bernette 38 is the top model in the series, offering everything creative sewists need. A total of 394 stitches are available, including 67 decorative stitches, 3 alphabets and 8 buttonholes as well as practical stitches such as a stretch stitch for stretchy fabrics. The maximum stitch width is 7 mm. In addition to practical functions such as the speed regulator, start/stop and the needle stop up/down, the bernette 38 has a bright LED sewing light, a needle threader, and an automatic and manual thread cutter. Also included are eight presser feet (soles) and a large extension table.

Stitch Overview

bernette 37

The bernette 37 is the first of the two bernette computer models. It offers an extensive range of helpful functions and impressive stitch quality. 50 stitches with a maximum stitch width of 7 mm are available, including decorative and stretch stitches as well as buttonholes. With the practical start/stop function, the sewing process can also be controlled without the foot control. With the needle stop up/down, the needle position can be set up/down when you stop sewing, which is a particular advantage when sewing corners. The sewing speed can be individually adjusted as needed and the sewing area is optimally illuminated thanks to the bright LED light. The b37 comes with five presser feet (soles).

Stitch Overview

bernette 35

The bernette 35 is a mechanical model without computer control. With utility and decorative stitches, the stitch package has a total of 23 stitches, with a maximum stitch width of 5 mm, including an automatic buttonhole. All settings such as thread tension, stitch width and stitch length, as well as the selection of a stitch, can be made with the three knobs at the front. The manual needle threader and thread cutter enable efficient sewing. The bernette 35 package includes seven presser feet (soles).

Stitch Overview

b33

bernette 33

The bernette 33 is the first of the two mechanical bernette models. As a basic model, it is particularly suited for beginners with little experience. Adjustments can be made with the two knobs at the front. The stitch package contains 15 stitches with a maximum stitch width of 5 mm. A needle threader and a manual thread cutter ensure fast and uncomplicated sewing. Five different presser feet (soles) are included.

SWISS DESIGN

Sewing instructions for a retro dress

The design of this elegantly draping dress with a slightly flared skirt and black hemispherical buttons is unmistakably inspired by the 1960s. Other attractive details include the front yoke with mock button facing, pocket trims with black hemispherical buttons at waist height, the concealed zipper and darts at the back. And the three-quarter sleeves with darts finish off the sophisticated look perfectly.

Sewing instructions for a denim dress

Denim is a fabric that never goes out of fashion and is used to create clothes with a young, casual and uncomplicated look. And your bernette sewing machine has the power to create this bold, lively A-line dress from the thick, sturdy fabric. It also features silver-coloured metal buckles with adjustable straps, a zipper on the left-hand side, a button with a buttonhole at hip height and back pockets.
